Printing: Typoprint, Windhoek, Namibia

Dinteria back issues available since 2000

No 26, 2000:

Burke, A. & Strohbach, B.J.: Vegetation Studies in Namibia.

Burke, A.: Plant diversity of the Olushandja Dam.

Strohbach, B.J.: Vegetation degradation in the *Hyphaene petersiana* plains.

-: Vegetation degradation in the *Colophospermum mopane* shrublands.

-: Vegetation degradation in the *Terminalia prunioides* woodlands and Andoni grasslands.

-: Vegetation degradation in the Broad-leafed savannas with associated pans.

Hachfeld, B.: Rain, fog and species richness in the Central Namib Desert in the rainy season of 1999/2000.

Obituary: Heinrich Johann Wilhelm Giess (1910 - 2000).

No 27, 2002:

Heilmeier, H. *et al.*: Anatomy of hydrated and dehydrated roots of *Chamaegigas intrepidus*.

Bornefeld, T. & Volk, O.H.: Annotations to a collection of liverworts from Omaruru District during summer 1995.

Graz, F. P.: Description and Ecology of *Schinziophyton rautanenii* (Schinz) Radcl.-Sm. in Namibia.

Joubert, D.F. & Cunningham, P.L.: The distribution and invasive potential of *Pennisetum setaceum* in Namibia.

Zimmermann, I. & Mwazi, N.: The effect of fire and browsing on rangelands in the Karstveld.

No 28, 2003:

Berry, C.: Phenology and condition of !Nara plants.

Burke, A.: Floristic relationships between inselbergs and mountain habitats in the central Namib.

Graz, F.P.: Fire damage to *Schinziophyton rautanenii*.

Graz, F.P.: The growth of *Schinziophyton rautanenii* seedlings under different shade conditions.

No 29, 2004:

Maass, E. & Musselann, L.J.: *Hydnora triceps* (Hydnoraceae) – First record in Namibia and first description of fruits.

Cunningham, P.L. *et al.*: *Dodonia angustifolia* – an alien invasive to the Auas Mountains in Namibia?

Cunningham, P.L. *et al.*: Notes on some aspects of the ecology of *Kirkia dewinteri* Merxm. & Heine (Kaoko Syringa) from the Kunene Region, Namibia.

Graz, F.P.: Description and ecology of *Pterocarpus angolensis* in Namibia.

Graz, F.P.: Application of a Total Station in savanna vegetation surveys.

Strohbach, B.J. & Strohbach, M.M.: An annotated plant species list for Mile 46 LDC and surrounding area in central Kavango, Namibia, with some notes on species diversity.

Burke, A. & Mannheimer, C.: Plant species of the Sperrgebiet (Diamond Area 1).
